

WELCOME TO FAREWELL I

Welcome ladies and gentlemen to the final East Coast Edition of the Eagles Farewell I Tour.

We are very excited to be performing for both old friends and new friends. This segment finds us returning to the New York area for the first time in nine years and playing in other cities we haven't visited in a long, long time.

The name of the tour, Farewell I, was originally a tongue-in-cheek spoof of the elders in our profession (including ourselves) who announce their retirement only to come out of retirement again, and again,and again. This actually could turn out to be our last tour. You never know with the Eagles because we operate one day at a time. Whether it is or isn't our final go-round, tonight is a celebration of 33 years of Eagles music.

We are here tonight because of you - our fans. We are truly grateful for your support through the years.

Please sit back, relax, and enjoy the show. We love singing and playing for you.

Thanks for coming.
