The Wasted Times is an activity of L&M's Free Time

That's right. What you have in front of you is the second anniversary issue of the WT. If

you notice, we're on volume #3 which means we are entering our third year of publishing this Eagles' zine.

It seems only fitting that we thank all of you—especially those of you who have been with us from the beginning. We've graduated from glue sticks and the school copy machine to doing this sort of semi-professionally. It boggles our minds sometimes.

We remember the beginning when we thought we'd never have enough material to fill 6

issues...well, all of you and the band have provided us with plenty.

Thanks.

We'd also like to thank all of you for the kind comments about the color. We want to keep doing the WT in color, but in order to do so, we're going to have to make some compromises. Doing the color issues takes TIME

and when we're working at our real jobs, time just ain't there. So, we'll do color issues when we can fit them in. Like during school holidays. As always, thanks for your patience and support.
